NOTICE OF PRIVACY PRACTICES AND RIGHTS

**THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU
MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO
THIS INFORMATION.**

PLEASE REVIEW THIS NOTICE CAREFULLY

OUR PLEDGE REGARDING YOUR HEALTH INFORMATION

This Notice describes the privacy practices of Delta Dental of Illinois and its affiliated companies (collectively, “we” or “us” or the Company). These entities have designated themselves as a single affiliated covered entity for purposes of the privacy rules under the Health Insurance Portability and Accountability Act of 1996, as amended (“HIPAA”) and each has agreed to abide by the terms of this Notice and may share protected health information with each other as necessary for treatment, payment or to carry out health care operations, or as otherwise permitted by law.

We understand that health information about you is personal. We are committed to protecting the confidentiality of your health information that we maintain and using your information appropriately.

The HIPAA Privacy Rule protects only certain health information known as “Protected Health Information” (“PHI”). Generally, PHI is individually identifiable health information, including demographic information, transmitted or maintained by us, regardless of form (oral, written or electronic).

We are required by law to maintain the privacy of your health information and to provide you with this notice of our legal duties and privacy practices with respect to your health information and to notify affected individuals following a breach of unsecured PHI. This Notice explains how we may use your health information and when we can share that information with others. This Notice also informs you of your rights with respect to your health information and how you may exercise those rights.

We comply with the provisions of HIPAA and the Health Information Technology for Economic and Clinical Health (“HITECH”) Act and their implementing regulations. We maintain a breach reporting policy and have in place appropriate safeguards to track required disclosures and meet appropriate reporting obligations. In addition we comply with the “Minimum Necessary” requirements when using or disclosing your health information or when requesting your health information.

This Notice does not apply to information that has been de-identified. De-identified information is information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual.

HOW WE MAY USE AND SHARE YOUR HEALTH INFORMATION

We are allowed to use or share health information about you for certain purposes without your authorization, as permitted by federal and state law. The following categories describe different ways we may use and disclose health information. Not every use or disclosure in a category will be listed, but all of the ways we are permitted to use and disclose information will fall within one of the categories.

Payment: We may use or disclose PHI about you to obtain payment for your treatment and to conduct other payment related activities, for example, determining eligibility for benefits, billing, adjudicating your health claims, making coverage decisions, administering benefits and coordinating benefit payments.

Treatment: We may use or disclose your PHI to facilitate medical treatment or services by providers. For example, we may disclose information about prior treatment to a provider if the prior treatment affects coverage for the current treatment.

Health Care Operations: We may use or disclose your health information in connection with our health care operations, including conducting quality assessment and improvement activities, training, licensing, or credentialing activities, setting rates, conducting or arranging for treatment review, legal services and audit functions including fraud and abuse detection and compliance programs; resolving grievances and other activities related to coverage determinations, carrying out a wellness program and conducting business planning and general administrative activities.

Use by Business Associates: We may contract with individuals or entities known as Business Associates to perform various functions or to provide certain types of services on the Company's behalf. In order to perform those functions or provide these services, Business Associates may receive, create, maintain, use and/or disclose your PHI, but only if they agree in writing with the Company to implement appropriate safeguards regarding your PHI.

Disclosure to Health Plan Sponsor, Which May Be Your Employer: If you are covered under a group benefit program, your health information may be disclosed to the sponsor of the health plan under which your benefits are provided solely for the purposes of administering benefits under the health plan. The plan sponsor may be your employer or affiliated with your employer. Health information may also be disclosed to another health plan maintained by that plan sponsor for purposes of facilitating claims payments under that other health plan. We will make disclosures to the plan sponsor only if the plan sponsor has certified that it has put into place plan provisions requiring the sponsor to keep the health information protected.

We may, however, disclose certain health information to the plan sponsor without a certification in two circumstances. First, we may disclose summary health information to the plan sponsor to obtain premium bids or modifying, amending, or terminating the group health plan. Summary health information is summary claims information that has been stripped of *most* information that can link it to particular individuals. Second, we may disclose information on whether you have enrolled in or disenrolled from your benefit program.

Health Related Benefits and Services: We may use or disclose health information about you to communicate to you about health-related benefits and services. For example, we may communicate to you about health related benefits and services that add value to, but are not part of, your health plan.

We may also be required to release your health information, without your authorization, to others for the following reasons:

Required By Law: We may report your PHI, for example, in the event of suspected fraud, to state and federal agencies that regulate us or providers, such as the U.S. Department of Health and Human Services, the Illinois Department of Insurance or the Illinois Department of Financial and Professional Regulation.

Public Health Activities: We may share your PHI with a public health authority that collects or receives information to prevent or control disease, injury or disability.

Military and Veterans: If you are a member of the armed forces, we may release PHI about you if required by military command authorities.

Victims of Abuse, Neglect or Domestic Violence: We may report your PHI to a government authority regarding child abuse, neglect or domestic violence.

Health Oversight Activities: We may share your PHI with a health oversight agency for certain activities including audits, inspections, licensure or disciplinary actions.

Lawsuits and Disputes: We may provide your PHI to a court or an administrative agency, for example, pursuant to a court order or subpoena.

Law Enforcement: We may report your PHI to a law enforcement official for purposes, for example, of identifying or locating a suspect, fugitive, material witness or missing person or in response to a grand jury subpoena, an administrative subpoena or a civil or criminal investigation.

Coroners, Medical Examiners, and Funeral Directors: We may share your PHI with a coroner or medical examiner to identify a deceased person, determine a cause of death, or as authorized by law. We may also share information with funeral directors as necessary to carry out their duties.

Avert a Serious Threat to Health or Safety: We may report your PHI to public health agencies if we believe, in good faith, that the use or disclosure is necessary to prevent or lessen a serious health or safety threat. Any disclosure, however, would only be to someone able to help prevent the threat.

Specialized Government Functions: We may share your PHI to authorized federal officials for the conduct of lawful intelligence, counterintelligence and other national security activities duly authorized by law.

Workers' Compensation: We may disclose your PHI as authorized by and to the extent necessary to comply with the law relating to workers' compensation or similar programs that provide benefits for work-related injuries or illness.

Research: We may use or disclose your health information for research, subject to certain conditions. For example, we may provide your PHI to an entity to analyze utilization patterns so long as the recipient entity fully complies with all legal requirements which apply to PHI for which no patient authorization has been given.

Other Uses of Health Information: Uses and disclosures of PHI for marketing purposes and disclosures that constitute a sale of PHI require your written authorization. Other uses and disclosures of your PHI not covered by this Notice or laws that apply to us will be made only with your written authorization. If you give us an authorization, you may revoke that authorization, in writing, at any time to stop any future uses or disclosures. If you revoke your authorization, we will no longer use or disclose health information about you for the reasons covered by your written authorization. We are unable to take back any disclosures we have already made with your authorization.

We will accommodate your reasonable requests to receive communications from us by alternative means or at alternative locations to the extent our claims management system has that capability.
